My dear Mr. President,

I am informed that Capt. R. J. Orde, who was appointed C.O. of the 67th (University) Battery, has been obliged to resign as "medically unfit", and that Lieut. H.E. Cawley has been placed in command temporarily as "administrator". Lieut. Cawley hopes to be appointed C.O. in due course, and has asked me to recommend him. I feel that any recommendation should, in the case of the University Battery, be made through you as President of the University, and accordingly I decided to address my letter to you. I believe that Lieut Cawley made a good record for himself in France, during a year & a half there, and as far as I am concerned I should be glad to see him appointed C.O. of the University Battery, if he enjoys the confidence & approval of his superior Officers, and if there is

no other member of the University with a stronger claim and at least equal qualifications. I presume that the authorities will communicate with you on the subject, and I shall feel complete confidence in any recommendation you may make when all the facts in regard to rival claimants (if there are any such) are before you. Lieut. Cawley is not a graduate, I think. He was at Trinity as an Undergraduate in Arts, from 1904–06, and at S.P.S. from (I think) 1906–08. No doubt you can readily ascertain what his standing is in the Faculty of Science. (I have no records at hand here in my Summer cottage in the Georgian Bay).

If you, like myself, are taking your holiday at present, I trust you will excuse me for troubling you with this letter.

Faithfully Yours

J. Macklem

Dear Mr. Provost:

I have asked Mr. Reed to arrange with Professor Lang with regard to all the returned men, as I think that Colonel Lang will be able to use them all for purposes of instruction.

My dear Provost:

A small committee of the Sermons Committee has been appointed to revise the prayers in our form of service. You may remember that last year you said to me that you would be willing to give us some help in this matter. Our Committee consists of Principal Patton, Professor Wrong, Chancellor Bowles, Professor Tracy, Professor Milner and myself. After we have each considered the matter for a while I will ask the members to meet so that each may have some material to lay before the committee, and we may save time thereby.

With kind regards, I am,

Yours sincerely,

President.

My dear Provost:

You are very kind in congratulating me again, but I am afraid that the newspapers are bringing me renewed expressions of goodwill on a supposed additional honour which does not exist. I am told that there was reference in "The Star" to some additional honour but as a matter of fact all that happened was that I went to Ottawa to be invested with a K.C.M.G.

I myself should like very much to have been at the meeting to-night in connection with the Victory Loan, and have had an invitation from Sir Edmund Osler, but as you know I must be at the Senate. However, I do not think there is any serious matter coming forward.

With kind regards, I am,

Yours sincerely,

President.

Dear Mr. President,

As requested by your letter of the 23rd instant, I have read (and mailed back to you) the copy you sent me of "Information for Students".

With revision and the addition suggested by you, I think it should answer our present purpose very well.

Yours faithfully

Provost Wrackles,

Trinity College,

Toronto.

Dear Provost Wrackles:

As you are aware the Part House is being erected for the University by the Massey Estate and is to be set apart for the use of all the men students of the University. A widely representative committee has for some years been in consultation with Colonel Vincent Massey with regard to the disposal and arrangement of the building and the regulations under which it should be conducted.

This committee was strongly of opinion that a compulsory fee should be imposed on all men students in the University who are proceeding to degrees, and that this compulsory fee should cover the contributions of students that are now compulsory and also their athletic fee. That in return for this fee they should have the right to use the Union and receive physical training. The fee recommended was $10.00, which will include the present fee of $2.00 which is now given to the work of the Students' Administrative Council and will still be applied to that object. It is believed that by the imposition of this fee it will be possible to make the building self-sustaining. The Governors have themselves contributed $100,000 towards the athletic wing of the building.

The Board of Governors at its last meeting adopted

the regulations that were presented to them by Colonel Massey and this committee and I am asked by the Board to inform you of this fact.

The building is not to be opened for academic purposes until the conclusion of the war and only then will the compulsory fee come into effect. I hope that this will meet with your approval.

With kind regards, I am,

Yours sincerely,

President.
